
CONTENTS

ECOLOGY OF WATER RESOURCES	7
Bondar O., Krylova I., Madzhd S., Zakorchevna N. Green bonds as an additional mechanism for investment in the water sector of Ukraine.....	7
Andreev V., Sluchak O., Sluchak O., Alekseeva A., Krysinska D. Development of the methodology for assessment of ecosystem services of river ecosystems on the example of the Southern Bug River.....	13
Bosiuk A., Shestopalov O. The use of ferrite processing as an option for modification of the reagent method of wastewater purification from heavy metal ions.....	21
Kulbach M., Klimkina I. Study of the possibility to reduce the phosphate pollution of surface water using <i>Chlorella vulgaris</i>	26
Lunova O., Herasymchuk O., Kagukina A. The analysis of water resources state in Zhytomyr region and their impact on the human body.....	31
Marenkov O., Korzhenevska P., Nesterenko O. Radioecological monitoring studies of ichthyofauna of the Pershotravensky reservoir.....	35
Mudrak O., Demianiuk O., Andrusiak D. Features of the occurrence of fires on the territory of the National Nature Park “Podilski Tovtry”.....	42
Yatsiuk M., Sydorenko O., Tsvyetova O., Turaieva O., Nechay O. Natural waters of the Shatsk lake in the context of climate change.....	48
ECOLOGY AND PRODUCTION	54
Lopushanska M., Ivanov Ye. Climate factors and their role in the solar energy development in the Lviv region.....	54
Stalinska I. Technology of disposal of chemical means of plant protection.....	60
ENVIRONMENTAL EDUCATION	66
Plavan V., Morhulets O., Ishchenko O., Koliada M. The concept of sustainable environmental development and climate neutrality and its implementation in educational activities.....	66
Trohymchuk I. Environmental education of students: theoretical analysis.....	72
ECOLOGICAL SAFETY	77
Fedenko Yu., Samoilenko V. Zirconium (IV) oxide as perspective sorbent of ions from aqueous solutions.....	77
BIOLOGICAL SAFETY	82
Hafiak O. Study of beech honey for the presence of antibiotics as a result of their uncontrolled distribution in nature.....	82
Kuznietsov S., Venher E., Semenchenko O., Bezpalchenko V., Ivkina E. Study of the influence of some factors on the degree of electrization of dielectricians.....	95
Pelepchuk O., Bobro O., Dyshel G. Influence of environmental factors on anthropometric indicators of 17-year-old girls Odesa region.....	100
CLIMATE CHANGE	105
Vorovka V., Marchenko O., Gryshko S., Yatsentiuk Yu. Dynamics of climate characteristics Melitopol city as a component of global changes.....	105
Pichura V., Potravka L., Rutta O. Spatial and temporal analysis and prognosis of climatic changes in the Steppe zone of Ukraine.....	110
PRESERVATION OF BIOLOGICAL AND LANDSCAPE DIVERSITY	119
Kotiuk L., Rakhmetov D., Ivashchenko I. Prospects of the use of aromatic plants of the <i>Lamiaceae Martinov</i> family.....	119
Krasova O., Shol H., Pavlenko A., Shkuta S. Invasions of <i>Anisantha sterilis</i> (L.) Nevski in plants communities of the Kryvorizhzhia.....	126

Mudrak O., Khaetsky G., Mudrak G., Serebryakov V. Assessment of the ecological status of small rivers of the Eastern Division in the context of sustainable development of the region.	132
Pytuliak M., Pytuliak M., Kuzyk I., Stetsko N., Khomiak N., Zhulkanych B. Hydrological protected objects of Ternopil Prydnisteria: ecological role and use.	139
Teslovych M., Krychevska D. Zhdeniivska key area in the regional econetwork of the Transcarpathian region: problems of formation and preservation of natural forests.	144
Falko V. Assessment of guaranteed air quality for plants (case of the park named after T. Shevchenko in Dnipro)	153
Shylo D., Klimkina I. Investigation of the effect of heavy metals on physiological activities of <i>Chlorella vulgaris</i> with special references to heavy metal bioaccumulation.	158
Shpak Ya., Sosnovskiy K., Burkut V., Zarochentseva O., Zhuk A., Fedoriak M. Pollination of sunflower by honey bee: review.....	162
Yukhymenko Yu., Boyko L., Danylchuk N. Representatives of the division <i>Pinophyta</i> in the collection of Kryvyi Rih botanical garden of National Academy of Sciences of Ukraine.	167
LAND RESOURCES AND SOILS.....	173
Volvach O., Kolosovska V., Kostiukeyvych T., Serbinov B. Agrometeorological conditions of cultivation of lentils taking into account the agro-ecological assessment of the soils of the Vinnytsia region.	173
Hunko S. The research of lateral and radial distribution of manganese content in the soils of Zhovti Vody.	178
Sopov D., Havriushenko H., Kyrpychova I. To the classification of anthropogenically changed lands in the east of Ukraine.	183
GENERAL ENVIRONMENTAL SAFETY ISSUES.....	188
Boyko T., Ruda M., Paslavskiy M., Dzhumelia E. Stability index as the ability of the space-time geosystem to overcome the consequences of harmful influences and reduce the risk of compartment destruction.	188
Breus D. The influence of gas stations on the environment.	194
Yevtushenko O. The role of the public inspector in the sphere of environmental protection in Ukraine.....	199
Mashkov O., Abidov S., Mosov S., Chubina T. Environmental features and innovations of aerial fire extinguishing in European countries: history and present.	202
Movchan M., Ivanenko I., Matviienko M., Taran Ye., Gandziura V. Landscaping problems of the regional landscape park “Partyzanska Slava” and ways of solving them.	209
AUTHORS’ CREDENTIALS.....	214
